**Limiting an Exam to a Specific Student for a Make-Up Exam**

**Part I – Limit the exam to a specific time frame for a specific student.**

From the contextual menu, select **Adaptive Release**.

Select **Display After** and **Display Until** options and enter the date and time (e.g. 3/25/2011 10:00 AM and 3/25/2011 12:20 PM).

Enter the student’s NetID in the **Username** field or use the Browse option to search and select. If you have a group of students, simply separate their NetIDs with commas.

**Click Submit.**
Part II - Release the date and time restrictions overall - REQUIRED

From the contextual menu, select **Edit the Test Options**.

Uncheck and clear out the **Display After** or **Display Until** settings.

If necessary, uncheck and clear out the password.

Click **Submit**.
