Allowing Late Submissions for TurnItIn Assignment

The default options for a TurnItIn assignment do NOT allow late submissions. However, it’s simple enough to go back in and allow late submissions. You will need to first go into the TII Assignment and edit the options.

For a Blackboard TurnItIn Assignment, click on the options menu and select Edit Assignment

OR

From within the TurnItIn class, click on More Actions and then select Edit Settings.
Click on the + for **Optional Settings**.

Select **Yes** for **Allow submissions after the due date**.

Scroll down and click **Submit**.
